AMENDMENT AFTER FINAL

In reply to the final Office Action dated September 11, 2002, applicants hereby
seek to amend their application as follows:

In the Claims

Claims 1, 11, and 16 have been rewritten herein. New claims 21-31 have
been added. A complete set of claims is provided below. A redlined version of the
amended claims is attached as Attachment A to this amendment.

11/14/2002 SDAVIS 00000005 082055 099-5722

01 FC:1202 198.00 C-

1. (Twice Amended) A mechanism for ensuring correct installation of a
detachable printer component into a printer comprising:

a detachable printer component having a top surface, a toe-end and a back end;

a mount having a toe-end engaging portion and a back end engaging portion,
said toe-end engaging portion operably engaging the toe-end thereby pivotally securing
said toe-end to said printer, said back end mounting portion operably engaging said
back end when said toe-end is pivotally secured to said toe-end mounting portion and
said detachable printer component is pivoted about said toe-end toward said back end
mounting portion;

a cover operably secured over said chamber and extending partially over said
toe-end of said detachable printer component when said detachable printer component
is secured to said mount defining a neutral position of the cover with respect to the
